BULLETIN.
LONDON, Nov. 1.—Between 40 and 50 per cent of the German submarines operating in the North Sea, the Admiralty has been sunk.

The navy department has received a dispatch that the transport Finland was torpedoed while returning from the United States after having carried American troops to France. Secretary Daniels announced this afternoon the torpedoing of the transport after having received messages from Admiral Sims in command of the destroyer squadron in foreign waters. An official statement by the secretary of the navy said the Finland was only slightly damaged and returned to port under her own steam. A mention was made of casualties in the secretary's statement.

The following statement was authorized by Secretary Daniels: "The navy department has received a dispatch that the transport Finland was torpedoed while returning from the United States after having carried American troops to France. Secretary Daniels announced this afternoon the torpedoing of the transport after having received messages from Admiral Sims in command of the destroyer squadron in foreign waters. An official statement by the secretary of the navy said the Finland was only slightly damaged and returned to port under her own steam. A mention was made of casualties in the secretary's statement."

AN ATLANTIC PORT, Nov. 1.—Five German submarines are being captured or sunk every week by the British navy, according to a British official who has reached here. He would permit his name to be used.

GRAVE IS ROBBED
AMSTERDAM, Nov. 1.—The grave of a Dutch princess, Alexandra Pavlovna, was robbed in Amsterdam, according to a dispatch from the Hungarian capital, has been broken open and the body stripped of its jewelry. The chest containing the grave was robbed. The Grand Duchess was the first wife of Archduke Franz Ferdinand.

OIL MEN ON STRIKE
HOUSTON, Tex., Nov. 1.—Following their proposed strike scheduled for today, the oil workers in Houston and Louisiana on fields struck today. The workers declared a general strike, and the oil companies have agreed to accept the union of workers.

CONTROL LIQUOR
LONDON, Nov. 1.—The government is considering making its first move to control the liquor trade by the control of the manufacturer and supply in Scotland. On the subject of the test would depend the control of England, Ireland, and Wales.

"DAVIE"—BY HIMSELF

Speech of Oakland's Mayor

The TRIBUNE publishes below a speech delivered last evening at the Peralta Theater by John L. Davie, mayor of the city of Oakland. The TRIBUNE apologizes to its readers for the coarseness and vulgarity of much of the language used by the mayor, but in view of the fact that Mayor Davie complains that the papers neglect or refuse to publish his side of the recall fight an attempt was made by The TRIBUNE to furnish a most accurate and full report of last night's meeting.

The report of the speech was made by Harry L. Sully, one of the most reliable members of The TRIBUNE staff.

Loosing a torrent of invective and denunciation upon his enemies, Mayor John L. Davie last night opened his campaign against the recall aimed at removing him from office at a meeting held under the auspices of the West Oakland Western Harbor League in Peralta Theater. The small motion picture house was well filled and the mayor was given an enthusiastic reception.

Mayor Davie attacked the Oakland Chamber of Commerce, the attorneys of Oakland, the "interests," the corporation, the traction company, the "rotten filthy press of Oakland," the estuary leaseholders, the "disgruntled element—discharged city employees," the gamblers and the real estate men. With epithets and abuse, the mayor declared that he would go ahead with his work and that he did not "give a damn" who opposed him. Showing that the Chamber of Commerce had kept industries away from Oakland, Mayor Davie produced a letter which he said was from a prospective manufacturer who would bring an investment of \$5,000,000. "The Chamber of Commerce told this man he couldn't locate his plant on the western waterfront between the Key Route and the Southern Pacific, because 'the City Council had gone on record against it.' That's a bloody lie!"

The mayor was introduced by N. J. Heron, Commissioner W. H. Edwards was the other speaker at the meeting. In opening his talk, Mayor Davie said:

"IN A BAD WAY IF YOU READ THE PAPERS"
"If you believed all you read in the press, you'd think I ought to be behind bars. If we believed what The TRIBUNE prints, together with that filthy sheet, the Post, we would be in a sorry plight. Ever since the change has taken place in the Enquirer, they have been lying."

"Your mayor is the victim of the invisible government, still trying to do business at the old stand. Whether the invisible government shall again rule Oakland depends upon you, and you alone."

He did not have to make any apologies to any man. Not the slightest bit of dishonesty can be made against me—either in my public work or my private life—and that's something that few men who have gone through two years of political intrigue can boast. And that is admitted even by my enemies."

He said he didn't want their endorsement. "But I don't want their endorsement. I want the backing of the filthy, rotten, third-class newspaper press."

KAISER GIVEN REBUFF AS TO CHANCELLOR

Von Hertling Reported Rejected by Reichstag Majority Leaders Because of His Policies

Count's Appointment Opposed Owing to His Apposition to Peace Without Annexation

LONDON, Nov. 1.—Count George von Hertling has been rejected as imperial chancellor by the Reichstag majority leaders, according to special despatches from Amsterdam, which construe this as a rebuff to the emperor and a victory for parliamentarism.

The messages, however, apparently were written before the German Reichstag had conferred with the majority leaders and that they opposed his appointment because he was against the Reichstag resolution for peace without annexations and the democratic parliamentary system.

An Amsterdam despatch to the Daily Express says that Count von Hertling had conferences with the majority leaders and that they opposed his appointment because he was against the Reichstag resolution for peace without annexations and the democratic parliamentary system. The messages, however, apparently were written before the German Reichstag had conferred with the majority leaders and that they opposed his appointment because he was against the Reichstag resolution for peace without annexations and the democratic parliamentary system.

Unusual interest within and without parliament attaches to the statement in regard to the navy which is to be made in the House of Commons this afternoon by Sir Eric Geddes, first lord of the admiralty. It will be Sir Eric's first statement in regard to his department and also his first address in parliament, and never has a maiden speech been awaited with such keen anticipation. Naval affairs have been the forte of the last few weeks. There has been much outspoken criticism of the conduct of the admiralty, especially since the successful German attack on a convoy in the North Sea. A section of the press has supported the allied naval officers of high standing in carrying on a campaign with the object of ousting Admiral Sir John Jellicoe as first sea lord.

PETROGRAD, Nov. 1.—Drastic steps will be taken against the general secretariat of Ukraine, district of Ukraine, for its attempt to set up an independent constituent assembly in the Ukraine. The fourth group was turned back up the Thames half way to London. Of the fifth group one or more airplanes penetrated south-eastern London. Some of the sixth group reached the southeastern part of the city. The seventh group was dispersed before it had reached the outer defenses of the city.

WARNS OF SPIES
LONDON, Nov. 1.—Sir Richard Cooper, in urging the alteration of Great Britain's espionage laws, has declared that the German spy system was more powerful in some cases in Europe than an army of a million men. Sir Richard added that German submarines had obtained information from enemy afloats in this country concerning ships leaving British ports, many of which had been sunk without trace.

GUARD PROPERTY
TULSA, Okla., Nov. 1.—Two more arrests have been made in the case resulting from the dynamiting Monday morning of the home of J. Edgar Pew, general manager of the Carter Oil Company. The police refuse to name the names of the two hundred and fifty home guards sworn in last night in anticipation of a reign of terror scheduled for today.

BIG BRITISH LOAN
WASHINGTON, Nov. 1.—The United States today extended to Great Britain a credit of \$100,000,000, the largest loan yet made by this country to any of the allies. The loan brings the total that has been loaned to England to \$1,500,000,000. To all the allies there has been loaned \$3,500,000,000.

IS A GAS VICTIM
HOBOKEN, N. J., Nov. 1.—A nobleman stating that Eugene Maxson, with General Pershing's staff as a chauffeur, had been gassed by a gas bomb dropped from a German aeroplane was received today by his father. The message was evoked by the new premier's telegram advising Cadorna of a union of all political parties.

Cadorna's Army Strikes Telling Blow at Teutons; Will Check Enemy's Rush

Two German Generals Among the Killed in Battle on the Bainsizzi Plateau; Berlin Claims 180,000 Prisoners

ITALY'S FORCES STOP RETREAT

WASHINGTON, Nov. 1.—Thirty thousand German soldiers, including two generals of divisions, were killed in the great battle on the Bainsizzi plateau, according to cabled reports today. General Cadorna is pushing reserves rapidly forward, with every prospect of checking the enemy's advance, and British and French support will be immediately forthcoming, it was stated.

LONDON, Nov. 1.—Austro-German forces have reached practically the line of General Cadorna's Tagliamento river defenses, and have been checked there in their forward advance, according to the interpretation placed here this afternoon on Berlin's own official statement.

The sixty thousand men who "laid down their arms" east of the Tagliamento river probably refers to a big body of the troops of the Third Italian Army, which despatches have indicated were likely to be trapped near the coast.

CLAIMS: 180,000 MEN AND 100,000 CANNONS TAKEN
BERLIN, Nov. 1.—The Austro-German forces invading Italy have increased the number of prisoners taken to more than 180,000. They have captured 100,000 Italian guns. The foregoing information was officially announced today by the German war office.

The German statement says the Teuton "fourteenth" Army yesterday gained another great victory. It forced the Italian retreating forces made a stand at the Tagliamento river. The bridgehead positions at Dignano and Codroipo were captured by the Germans.

The Austro-Germans penetrated the rearward positions of the Italians to the east of the lower Tagliamento where they cut off and captured 80,000 Italians.

CADORNA DECLARES HE'LL RESIST, CONQUER
ROME, Nov. 1.—"The army is determined to resist and conquer—to avenge the cry of pain issuing from the country's sacred soil," General Cadorna, Italian generalissimo, declared today in a telegram to Premier Orlando. His message was evoked by the new premier's telegram advising Cadorna of a union of all political parties.

MADRID, Nov. 1.—King Alfonso has asked Antonio Maura, the former premier, to form a cabinet. Maura is a conservative leader.

TRANSFER OF FUND MEETS BIG PROTEST

The proposal made in the city council to transfer \$25,000 set aside for the preliminary engineering for the improvement of East Fourteenth street, from the street fund to the harbor development fund for dredging purposes is meeting with a storm of protest in the eastern end of the city and a mass meeting has been called by half a dozen citizens to discuss the matter.

The mass meeting will be held next Thursday evening in the hall of the Motor Business and Improvement Association.

Commissioner Frederick Soderberg of the street department, Mayor Davis and other members of the city council and the county board of supervisors have been invited to attend and explain why promises that the street would be paved are not being kept, according to the protesters.

Anticipation to have East Fourteenth street paved has been continuous for years. Two years ago representatives were given by city and county officials that in the next city budget and the budget of the county provision would be made for the improvement of the street. This promise was renewed prior to the adoption of the city and county budgets of this year.

INVITED OFFICIALS.
"We discovered that these promises had not been kept," said M. W. Nicholson, president of the Motor Business and Improvement Association, "and we want city and county officials to come and discuss the situation with us, and to see if something could not be done, as East Fourteenth street is an every automobile knows condition, as every automobile knows."

"Superior Hoyer and County Surveyor Haviland were the only ones to show up. Commissioner of Streets Soderberg did not even acknowledge the invitation."

"So we have called another meeting, and we have invited Commissioner Soderberg, the city officials and the county officials to attend."

"We have received word from Commissioners Morse, Edwards and Nicholson that they will be present. But we want Commissioner Soderberg, and he has not yet acknowledged our invitation. Neither has the Mayor accepted."

"We have now learned that the commissioners are talking of taking the money aside to begin this work, to the harbor development fund, to prepare for a new union construction company lease."

FAVOR DEVELOPMENT.
"The people in this part of the city are in favor of harbor development, but we think it is good conservation to keep the streets. The county has promised that it will find the money for its part of the work if the city will do its part."

The organizations interested in calling the mass meeting are the Harbor Development Club, the Fruitvale Board of Trade, the Elmhurst Board of Trade, the United Improvement Club east of Lake Merritt, the Steinerway Terrace Improvement Club, the Pittsburg Improvement Club and the Seminary Avenue Improvement Club.

BOARD IS ABSENT, PAINTING THERE

Although the Alameda county supervisors failed to meet this morning for the regular midweek session, "The Council of Slavonian Elders" the oil painting by the Russian artist, U. C. Roedrich, which was purchased by the county on October 15 for \$175, greeted visitors from its place of honor in the hall of the county board of supervisors. This is the first time that the picture has been viewed since its acquisition by the county, and the comments on its suitability and its artistic merits varied greatly.

Whatever the layman may think about the matter, U. C. Roedrich, president of the Oakland Art Association, says that the citizens of the county should be proud to possess the canvas. In a letter to the supervisors he says:

"I wish to congratulate you on your purchase of the painting entitled 'Council of Slavonian Elders.' The subject makes the selection most appropriate for the room in which it is to hang. I frequently had the opportunity to view this picture with visiting artists and art critics, and they pronounced it one of the best pictures on the Pacific Coast."

"You were very fortunate to secure such a painting at so small a cost. For I know that the Government paid a valuation of 1575 when it came into this country from Russia. The Art Association welcomes such a picture back to Oakland."

CORDS AT ANKLE, HEIGHT TOO MUCH FOR PIEDMONT

PIEDMONT, Nov. 1.—Millionaires' houses don't have gates or rustic fences or anything else the festive small boy can play tricks with of Halloween nights. Wherefore the small boys of Piedmont took no gates away from the property of rate payers.

Instead, they gave them gates. Wherefore there are some houses and scattered hands and knees, and also there are policemen looking for the makers of the gates, which are made of stout string stretched across paths, about six inches high—just high enough to trip millionaire and poor man alike—for a piece of string, stretched across a path, is no respecter of person or property.

Several complaints of strings across paths are being looked into today by Piedmont policemen, and painted gates, painted on sidewalks, and various other small pranks are reported.

DIED
Lieutenant John R. Saxton White, Omaha, Neb.

WOUNDED

STRIKE MAY INVOLVE ALL S. P. DIVISION

With labor interests refusing to consider wage offers of the Southern Pacific Company in the strike of its shop mechanics, there are indications today that the trouble may spread from Ogden to El Paso. In Sacramento 2000 shop employees will be affected, according to W. D. Castro, local business agent of the Central Labor Council.

The railroad company's offers have been these: Nine hours' compensation on the basis of an eight-hour day; regular time and a flat increase of 12½ per cent over a nine-hour schedule rate. The road does not offer recognition of the union, the important factor in the union demands.

Despite denials by the Southern Pacific Company, hundreds of men allege they have struck in the West. Oakland yards.

Word from other points indicates the dissensions are spreading. The local developments in the strike of the Southern Pacific mechanics and shopmen rest in the hands of several committees, according to union heads today, who are at work recapitulating the demands of the twelve different crafts represented among the workers for a general report to the executive committee.

At a meeting of the striking shopmen in the Central Labor Temple. At that time the roster of members who have joined the union since its formation totaled 728. Of this number, some 600 have quit the company's employ. It is claimed, the remainder of the membership continuing in the employment of the Southern Pacific Company under orders from local union heads.

While no definite information was forthcoming from union headquarters today, it is understood that the Sacramento trouble and that at Roseville will drop into rank behind the local situation. The efforts of William A. Spooner, secretary of the Central Labor Council, and W. D. Castro, its business agent, to organize the shopmen in the capital city have met with sufficient response, union heads declare, to warrant the presentation of demands to the railroad upon the basis of the separate craft organizations.

"The executive committee is working on the matter now," said S. W. Lore of the Central Labor Council. "Statements by the Southern Pacific Company that there are only a few men out, is not borne out by the union membership roster and the men who are actually out of work. We have a record of about 600 who have quit."

BRITISH CAPTURE CITY IN PALESTINE

elements and Rome's unfaltering support and confidence.

Let the country have confidence, General Cadorna concluded.

Italy's army is no longer retreating. Despatches from the front today declared that the advance of the German and Austro-Hungarian troops is being brought to a halt at every point.

General Cadorna has effected his movements with a very small loss of men, the despatch said. The indications are that a great struggle is pending. The Italian commander is believed here to have brought up the major portion of his reserve troops to the Tagliamento river and that he will no longer give ground before the enemy.

LONDON, Nov. 1.—The city of Beersheba, in Palestine, has been captured by the British, it is announced officially.

BERLIN, Nov. 1.—British attacks, repeated many times, were repulsed on the muddy battlefield in Flanders. Instances ground lost is said to have been regained in counter-attacks. The result of the day's fighting is characterized as a new success for the Germans.

PARIS, Nov. 1.—The French, in their successful offensive north of the Aisne, in the direction of Laon, last night, captured 12,157 prisoners, including 27 officers. The guns taken numbered 150. There has been little infantry fighting in this region and the German Crown Prince has been unable to carry out counter-attacks of any strength. The artillery duel continues violent.

GIVEN TWO YEARS

On his plea of guilty to firing a shot at Mrs. Minnie Legros, 214 Madison street, because he said she was keeping an insurance policy which belonged to him, George Williams was today sentenced to two years in San Quentin by Judge F. R. Ogden. It was alleged in the evidence that Mrs. Legros was saved from death by her 17-year-old son, Ernest, who fired the gun before Williams could fire a second shot.

PHONE GIRLS MAY WALK OUT ANY MOMENT

With a strike order effective in five coast states since midnight, and the exchange services of the Pacific Telephone and Telegraph Company crippled in Oregon and Washington, Oakland, Alameda, Berkeley, San Francisco and other bay cities face the imminent possibility of a suspension of all telephonic communication within the next twenty-four hours.

In spite of the efforts of Verner Z. Reed, member of the President's labor mediation commission, and his associates, Edward White and William Royce, to bring about an adjustment of the controversy, those affiliated with the union in the Northwest considered the telegrams sent them at the end of the conference last night too vague and the vote to walk out too definite.

REED WIVES WILSON.
The following telegram was sent to President Wilson and Secretary of Labor Wilson at Jerome, Ariz., by Reed:

"The operators and the electrical workers have acceded to all my requests without annulling the strike vote."

Reed said just before the conference with Manager E. B. Fullerton of the telephone company, in his suite at the St. Francis today:

"The telephone company is taking the position that the operators should not attempt to mediate this strike. They compel them to accede to the operators' demands on the grounds that President Wilson has said that the government will not ask any change of existing standards and that a recognition of the operators' union is change in a standard which existed prior to the war. I then learned this morning that the operators' union is not new, but on the contrary it has been a part of the American Federation of Labor and the International Brotherhood of Electrical Workers for six years, and the disincorporation of the telephone company to recognize the operators' unions on the Pacific Coast is due to their being new locals. I said to Mr. Fullerton: 'If you will work with us in this case, these conservative men of the union will get these strikes stopped today.'"

ADDITIONAL TROUBLE.
"I have also been apprised by Mr. Fullerton of additional trouble in the Northwest. The program will be presented entirely by children and a feature will be a playlet entitled 'Love, Courtship and Marriage' in miniature, including a double wedding by the little participants in appropriate costumes."

MOTHER FAINTS WHEN AWARDED HER TWO BOYS

Mrs. Elizabeth Hannan, common-law wife of Daniel Hannan of Oakland, was so overcome with joy this morning when the effort of Hannan to deprive her of her two boys was frustrated by Judge Wells that she caught the children in her arms and fell in a faint.

While Mrs. Hannan was sick in a hospital recently Hannan took the two boys, Daniel Jr., 9, and Patrick, 4, to the home of their aunt in San Francisco, and began proceedings to be appointed their guardian. Judge Wells at the time continued the matter, suggesting that it would be better for the children if the parents would reconcile legally married. The matter came before the court again today without the suggestion having been carried out, and the court declared he saw no reason why the mother should be denied their custody. While Judge Wells held the father would have to pay \$11 a month for the support of each child, he said it was for the police court to order it done.

CHURCH PROGRAM
The Friendly Circle of College Avenue M. E. church, Mrs. F. O. Hurt, president, will present a program tomorrow evening at the church, College avenue and Russell street. The program will be presented entirely by children and a feature will be a playlet entitled 'Love, Courtship and Marriage' in miniature, including a double wedding by the little participants in appropriate costumes.

ACTORS SHOOT BATS IN BELFRY

"Bats in the Belfry" is more than a slang phrase at the First Congregational church. There really are bats there—or were until last night. They would be there yet, only indoor hunters discovered them.

Armed with airguns, Al Herman, vaudeville star, and Jack Norton, also an actor, sat in the window of the hotel next to the church last evening, and "potted" a fine bag of the furry flyers. They say they did not know there was a limit on them in California game laws, so they shot all they saw.

The open belfry of the church has for years been the meeting-place of innumerable bats, which often at night have been seen flying about the edifice, one of the oldest churches in the city.

Boys We Know Ready to Start Liberty Lads Leave Tomorrow

By Earl Ennis

The boys are going away again tomorrow morning. 339 of them, who best flesh and blood we've got—brothers, pals, friends—all of them—up to Camp Lewis to answer Uncle Sam's call to arms.

They are the boys we all know you and I. They are the boys we've grown up with, worked with, fought with, hiked with. We know their little hopes and plans, the ambitions they had, the things they wanted to accomplish in this stern old life, the girls they loved and the worries they had. They are just Bill, and Tom, and Jack to us—gold all the way through and genuine. We've slapped them on the back in days gone past—affectionately—and said we were glad to see them. Now we are going to grip them by the hand, and swallow a bit, and say to them: "Go, that can't be said and send them away with a smile on their lips."

DEPARTURE IS HARDER.
The hour of departure is 9 o'clock and the place Oakland Sixteenth street station. It will not be a new scene that will be enacted there. But it will be a little grimmer. For the other quotas have gone away brave with the excitement and the stimulation of the world task they have set their lives and loyalties to accomplish. But this quota goes away with the knowledge that Uncle Sam's boys are in the trenches. The casualty lists have started. Some are sons, others brothers, and still more just plain pals. But there are coming, and the saddest sight striking home to us makes the departure of these boys tomorrow just a little harder than before.

They are going comfortably Uncle Sam is seeing to that. They will have their own coaches, their own train. The food is good and the wonderful spirit of American optimism which crops through all the world's tragedies overrules the sadness of the leave-takings. It is hard to forget a mother's face tear-streaked and miserable as it appears for the last time on the station platform, or the tender anguish of a sister or a sweet heart. But they will do it.

WILL PLAY MEN'S PART.
They are men—men of the United States. They are shouldering a man's work, a man's great purpose. They will play the part of men, sternly, decisively, cleanly. There will be no tears in their effort and no regrets when the task is done. And so, those of us who will go down there, who will be big enough, true enough, kind enough, brave enough, patriotic enough to take them by the hand, these boys of ours, and send them forth wherever the world's need is greatest, will be doing only a small part of what these boys are doing.

We can be as brave as they and do it simply. And the least, the very least we can do, for these boys of ours—no matter how it hurts—is to send them away with a smile, a hearty grip, word of encouragement that will build up and break down the very fine courage with which they are swinging into step for the triumphal march across No Man's Land with the faith in Democracy hung in the battle-bleat sky—a lantern to light their way.

IN LIBERTY'S ARMY.
Those who will go out on that patriotic special tomorrow include the following:

OBJECTORS GIVEN PEACEFUL JOBS

Special to The TRIBUNE.

CAMP LEWIS, Nov. 1.—Having convinced the War Department that they are conscientious objectors to fighting for their country, 249 men from California and Washington have been detailed for camp and hospital maintenance at some inland camp. The disposition of these men has been a problem for the War Department since the drafting began.

The boys at the camp have been considerably disturbed this week with the arrival of Adjutant-General Georges Brizon who left France for America October 6 to assist American troops in mastering French warfare. Brizon was at the front with the American soldiers in Flanders, and has had three years of the trench warfare.

Major-General H. L. Greene, commanding the Ninety-first division of the national army, delivered his statement here today that Seattle was visited with 2,500 women of the underworld who were being accorded protection by the authorities for political purposes. Major Greene's statements were the outcome of a sweeping denial by Mayor Gill of Seattle who claimed the city was being misnamed.

Regimental football which was started as a recreation measure, has developed into a keen competition between the various teams. The championship series opened with our well-played games the first of 122 games which are to be played during the coming two months.

The opening scores of the series were: 2nd Infantry vs. Quartermaster's corps, 7 to 0; 24th Field Artillery vs. Machine Gun Battalion, 0 to 0; Depot Brigade No. 1, 36th Infantry, 24th Infantry and the 316th Sanitary team of the medical corps all played matched scores.

GLUCK RECITAL

Tickets for the song recital by Alma Gluck, the popular and delightful American soprano, in the Oakland Auditorium, next Tuesday evening, are selling rapidly, and there is every indication that a packed house will greet the prima donna. The program for the recital is one which attracts the interest of all music lovers, containing as it does songs by Debussy, Rachmaninov, Moussorgski, Rimski-Korsakov, McCoy, Spohr, Mozart, Beethoven, Bach and others. Madame Gluck will be assisted by Salvatore de Stefano, the Italian harp virtuoso, who will play two groups of soli. Miss Eleanor Scheib will be the accompanist.

Richard L. Murry, William H. Jones, Manuel Rodriguez, H. K. Michaels, William W. Dickey and Joseph Hendricks.

BOYS, OLD AND YOUNG, HAVE FUN

Black cats prowled about last night, also small boys, on the annual occasion of mischief making. The one black cat reported to the police scared Mrs. W. H. Michael of 422 Sixty-second street, who thought it was a burglar and called the police of the Northern Station. Corporal A. B. Smith and Patrolman Green responded, frightened away the cat and reassured Mrs. Michael.

While Patrolman T. F. O'Neill and Patrolman Deike were riding around in a small automobile they caught Lamar Howe, a 23-year-old boy, engaged in the Halloween occupation of scaling the street car tracks at Alcatraz and Dana streets, and he was taken to the Northern Station, where he was released on bail. Today he was reprimanded by Prosecuting Attorney William J. Hennessy. He promised not to do it again until next year.

Seven false alarms were turned in to the fire department and two others were frustrated in the attempt when the boys were frightened away after breaking the glasses to the boxes.

DENMARK FLAG MUSIC, BARRED BY PARK BOARD

SAN FRANCISCO, Nov. 1.—Denmark has been naughty, says the board of park commissioners, and the Dance in San Francisco must be punished. Therefore the flag of Denmark shall not fly and the strains of the national hymn of Denmark shall not resound in Golden Gate Park on November 18, the day set for the annual Danish celebration.

Helga Branch No. 2 of the Danish Society of Dania made formal request of the board that they be allowed the usual privileges for their day of national rejoicing, including the display of the Danish flag on the staff at the bandstand.

"Not this time," said Curtis H. Lindley. "Scandinavia has been unfair to the United States. Through the back door of Denmark have gone American foods and supplies to help the Germans. I move that no flag or music of Denmark be allowed on November 18."

Altogether, "the boys" had a lot of fun last night, but without doing much damage, according to Chief Nedderman.

NAVAL BOYCOTT OF CORK COSTLY

CORK, Ireland, Oct. 16.—Two thousand and five hundred dollars is being withheld from the hands of the Cork merchants. That amount was spent each week for four months by American naval officers and sailors. It ceased when hostilities began to attack the American bluejackets, and it will not be resumed until the streets of Cork are again made safe for Americans. At present no naval man below the rank of a destroyer commander may visit Cork without laying himself open to a general court-martial. The same rule applies to the British naval forces.

An appeal for the return of the American sailors is made by Miss Marie Lench, who as head of the "Poor League" made an office investigation of various charges which Sinn Fein leaders brought against the American sailors. She said, in placing before the public the result of her investigation: "The sailors were spread throughout the city regarding the conduct of some American sailors."

MINISTRATION OF RED CROSS HELPS ALLIES

BERKELEY, Nov. 1.—Fifteen million members of the American Red Cross by January will be this country's answer to the call for succor of suffering humanity. Henry P. Davison, head of the National Red Cross War Council, made this promise of his organization in an address in Wheeler hall auditorium today.

"One of our great duties is to put heart and courage in the French so that they will not be discouraged by the German armies in the field," said Davison. "We have sent a commission to France, of which Dr. W. P. Lucas of the University of California, is an honored member and which has 4000 members. We are saying to the people of France, 'We are late and are sorry, but have courage. The time will come when the American soldiers will take their places in the line, and in the meantime we will do everything in our power to support and encourage you. The American Red Cross up to this time has been the means of bringing that encouragement and help not only to France, but to Russia, Italy, Serbia and other sorely tried countries.'

"The situation in Italy is disturbing; it is shocking. In this time of Italy's distress the ambulances, funds and equipment of the American Red Cross in this country's message of hope to the Italian people. We can't send men there in the meantime, but our Red Cross is putting heart and spirit into the sorely pressed Italians."

"When our commission to Russia issued from Berkeley last June, it was urgent need that the babies of soldiers be cared for. The Red Cross sent 4,500,000 pounds of milk. Back of the line in Turkey is a condition of which none has any conception. It could not reach them directly, but through the Armenian and Syrian relief committee raised \$1,800,000 5,000,000."

Football Players Disqualified Technical High Is Hard Hit

On the eve of their critical battle of the season the Technical High School football squad is facing a predicament which threatens their athletic prestige in about the same ratio as the turn of Cadorna's army in the equilibrium of the Allies. Four of their star players, front line men and subs, have been forbidden to play by the school authorities following the issuance today of certificates by Dr. Kirby Smith, city health physician, that their physical condition is not up to the requirements for the tension of the great American game.

Tomorrow afternoon the Technical team will play the Fremont High eleven. The game is to be played at Lincoln park, Alameda, and is one of the big events of the high school athletic year.

Three times the Technical high boys have gone down to defeat this season. They have played Oakland High, Alameda High and Berkeley High, and are about to be eliminated from the finals for the championship.

Jack Spence and William Patterson, star players on the team, have been disqualified following an examination a week ago by the health department officers. Also, William Olds and Earl McKenzie, to relieve distress there within eight months there.

"There is not a place in the world outside the country of our enemy where we are not now doing the greatest humanitarian work the world has ever known. There are two reasons for this. It is helping to shorten the war, and, besides, we are the only people in the world to do it. I am extremely sorry for the man or woman who is not doing his or her share. If everyone does not realize his opportunity and obligation in this work, then I will say his life is blighted."

"We believe that we have so arranged our system of accounting and have so safeguarded our financial operations that it would satisfy the most exacting persons. When \$1 is given to the American Red Cross a little more than \$1 goes for relief work, for our membership and take care of all our overhead expenses. Lately we sent \$200,000 to suffering people in China, all of which came out of our membership dues. We have raised the membership of the American Red Cross in six months from 200,000 to 5,000,000."

chief substitutes, have been placed on the taboo list for the same reasons. "Athletic hearts" is said to be the cause of their being relegated to the side lines.

But when the whistle blows for the kick-off, all four of the boys declare they will be there.

Why?

Because their American spirit of sportsmanship has been questioned by their rivals of the other high schools of the bay cities.

"Quitters," "Pikers," "No Sports," has been thrown in the direction of Technical High, as the result of the stand taken by Principal Paul M. Fisher and C. F. Martin, physical culture supervisor. They have decreed that the boys shall not play. Despite their suggestion of forfeits the Tech team is determined to put up a battle tomorrow that will retrieve their honors in the championship struggle. But they will be handicapped without the line smashes of the

BAZAAR PLANNED TO AID PORTUGUESE

Although the Portuguese have been fighting in Africa for more than a year as one of the allies, they appear to have been made to this country for financial aid. Also for six months Portuguese troops have been fighting on French soil, and now the time has come when the Portuguese patriotic and charitable organizations need financial assistance.

In reply to appeals from his own country, J. Soares, Portuguese consul for this district, has appointed an executive committee, and plans are being made to hold a bazaar to be held in the Municipal Auditorium from November 1 to 10 inclusive.

The committee in charge of the bazaar is composed of: Miss Anna L. Silveira, chairman; Mesdames Mary Enos Freitas, Isabel G. Luis, Miss Adelaide Francis G. Lawrence, Maria P. da Silveira, Mary A. Perry, Mary T. Silva, Maria J. Gloria, M. A. Encarnacao, A. D. Fonseca, Anna C. Martins, Maria A. Paris, Maria C. Brazil, Maria A. Deus, M. A. Lemos, Mary Olimpia, M. Christostomo da Silveira, Isabel August, L. F. Trigueiro and Miss Teresa R. Rodrigues, secretary.

The market committee is: F. J. Cunha, chairman; F. L. de Freitas, M. F. Trigueiro, Dr. J. B. de Faria, J. J. Enos, J. C. Jorge, Frank C. Serpa, P. D. Rodrigues, A. Perry, A. Homen, V. L. de Figueiredo, J. C. Moraes, P. L. Silva, M. Carvalho and M. B. de Camara, secretary.

The Portuguese, their friends and the allies' friends are cordially invited to attend, as well as to help by sending contributions either in money or in articles for the bazaar and the market. Donations should be delivered at the Auditorium Tuesday, November 5, from 8:30 a. m. to 5 p. m. and Wednesday, November 6, from 8:30 to 11:30 a. m.

The executive committee is composed of: Honorary presidents, Jose Soares and Madame J. Soares; president, F. J. Cunha; vice-president, Mrs. Anna C. Martins, Miss Anna L. Silveira, J. L. de Faria, M. B. de Camara, G. A. de Amaral, San Francisco; treasurer, Portuguese-American Bank of San Francisco.

JONES IS QUITE A TRADITION IN THAT FAMILY

To change the name and not the letter, is far worse and not far better; says an old adage, but not to change the sweet bride's name—that seems a shame.

But when Miss Jones meets and loses her heart to Mr. Jones the only way she can recover it is to marry him and lose him till he is willing to give it back. And so they went to "Cupid's Corner" at the county clerk's office and said timidly, "Please may we?"

His name was Richard Jones, and hers was Mary E.

"And your father's name, Mr. Jones," asked Cupid's deputy, "Griffith Jones."

"And now your mother's maiden name?"

"Anne Jones." It was confusing!

"And now Miss Jones, your father's name?"

"Twice Mr. Joseph Jones."

"And now your mother's maiden name?"

"Why it was Anne Jones!"

How You Can Make Hairs Quickly Disappear

(Helps to Beauty)

Even a sudden growth of hair will quickly vanish from the face, neck or arms after a single treatment with Delatone. To remove the hairs, make a stiff paste with a little powdered Delatone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and it will be left free from hair or blemish. To avoid disappointment, be quite certain you get real Delatone. Advertisement.

EMERSON SCHOOL TO GIVE KIRMESS

When quaint old Nurnberg closed its wondrous factories the toy makers had no idea that their wares would be duplicated by the school children in Oakland. But there were samples of the gaudy "profile" playthings of which the country was promised a famine and there were 50 eighth grade boys in the Emerson school who wanted to do something for the Red Cross Society. That is the reason for the Kirmess which will be given tomorrow night in the Emerson school. For the past two weeks in every spare moment, the lads have cut and painted the brilliant toys, marvelous birds which balance themselves, cockatoos, pelicans, parrots, doves, roosters, duckies, daddies, with four-footed animals of every description. At midnight, plenty of the Christmas trinkets will be offered.

GAINS FREEDOM TO FIGHT SUIT

In order to oppose her husband's divorce action on the ground that she had been a felon, Mrs. Margaret Powell, through her attorney, Miss Marguerite Ogden, applied in Judge J. J. Trabucco's court today for termination of her term of probation and for restitution of her civil rights. The application was granted.

Because Mrs. Powell had served only four months of her probation term of two years, Probation Officer Leonard Compton opposed the application. He declared on the witness stand that Mrs. Powell had been rude to him, had left the county without permission and also shown no indication of her reform. He admitted that full restitution had been made of the money she confessed to having embezzled.

Whether or not the restoration will defeat her husband's plea for divorce on the grounds of his wife having been found guilty, by confession, of felonies, only Judge J. J. Trabucco, who will be adjudicated when the divorce action is tried.

PAYS FOR AUTO

County Auditor E. F. Garrison said this morning that the automobile ordered by the county supervisors and used by Supervisor Pess has been paid for, on the advice of the district attorney. The requisition was for a machine for the county garage, and Auditor Garrison said the warrant could not be held up. If the requisition had been made out to the supervisors, he said, the warrant could have been denied for the reason that only two of the supervisors are entitled to the use of cars and they are supplied.

The machine used by Supervisor Kelley was turned in to the garage last night, prior to the supervisors' departure for New York, where he goes in connection with the estuary bridge matters, he being chairman of the bridge committee.

PROBE CRITICISED

That the civil service board exceeded its authority in its recent probe into charges preferred against Patrolman Michael Shannon by William McGuire, driver of the city chain gang of which Shannon was in charge, is declared by Commissioner F. F. Jackson, who maintains that if there was anything wrong with the patrolman's performance of duty, charges should have been filed first with the head of the department. No action will be taken at the present time, Jackson said.

Instead of going before the commissioner with his allegations involving Shannon, McGuire presented them directly to the civil service board, which would only have jurisdiction in event of an appeal being taken from any decision of the commissioner.

TO HEAR REPORT

The Progress and Prosperity Committee will listen to the report of a special committee on community problems to be presented at a junction of the committee tomorrow noon at the Saddle Rock restaurant. At its last meeting a committee was appointed to take up industrial housing, street car transportation and waterfront development with a view to recommending which of these should be made the main issue in the work of the organization for the coming months. The special committee consists of Dr. J. Lorin Pess, Clinton Brooks and C. W. Dickson.

Try this treat in cooking economy

Any good cook can make a first rate cake with butter. But my! how that cake does eat into a pound of expensive butter!

Yet there is a way to make perfectly delicious cake without using a speck of butter. May we whisper the secret?

Use rich, pure Cottolene. Keep to your recipe. But instead of using butter, use Cottolene—one-third less than you would ordinarily use of butter.

Profit by the experience of other housekeepers, who have found that Cottolene—because of its greater richness—goes farther than other shortenings which they had been using.

See if you don't make a cake that you are proud of.

If you could taste the delicious cakes, flaky pies and pastries, crisp biscuits, tender muffins and digestible fried things that rich Cottolene makes, we are quite sure you would use Cottolene in all your frying and in all your baking.

Wholesome Cottolene produces perfectly delicious results. It combines true economy with better cooking.

Try it in any familiar recipe and see. Cottolene is sold by grocers in tins of convenient sizes.

Recipe for MARBLE CAKE

1/2 cup Cottolene	1 1/2 cups flour
1 cup sugar	1/2 teaspoon cinnamon
2 eggs	
3/4 cup milk	1/2 teaspoon nutmeg
3 level teaspoons baking powder	1 tablespoon molasses
1/2 teaspoon salt	

Cream Cottolene, add sugar gradually, yolks of eggs beaten thick and light, flour sifted with baking powder and salt, added alternately with milk. Then whites of eggs beaten stiff. Pour one-third batter into bowl and add to it molasses and spices. Pour into well-greased pan, alternating light and dark mixtures.

Bake 40 to 45 minutes in moderate oven.

FINDS JAPAN NOT IDLE IN GREAT CRISIS

SAN FRANCISCO, Nov. 1.—Japan does not send an army to Europe because the nation has not the necessary ship tonnage to spare for the transportation and because the government believes it unwise to weaken the army, which might prove essential in the protection of the Far East against German aggression. This is the opinion expressed by Baron Tanaka, minister of war, in a speech before the House of Peers and chief of the special financial commission which is visiting the United States to interest American capital in the development of the Orient.

"It is in the face of a physical impossibility," he said, "Japan should be foolish enough to make a supreme effort to send troops, and if she became speedily exhausted, then who would protect the Orient if Germany still remained undefeated? It is not ill-will that restrains us. We have helped in other ways and we are still helping. Our navy is serving the allied cause in the Mediterranean and the Indian oceans and our merchant marine is carrying practically all the commerce between Europe and the Orient."

"It has proved as much of an impossibility to help Russia with armies. The limitations of the Trans-Siberian railway are such that we could not risk sending a large army over it and keeping it supplied. But we have undoubtedly helped Russia in other ways."

Baron B. Ito, secretary in the department of agriculture and commerce, supported Baron Megata's views. "We have only 1,000,000 tons of merchant marine," he said, "and we need to acquire 6,000,000 tons for the transport of an army of 1,000,000, such as has been suggested by the allies."

Other members of the commission are Dr. S. Hichida, secretary in the government general of Korea; U. Yonezawa, director of the Mitsui Bank; O. Matsumoto, secretary in the department of finance; T. Sakaguchi of the department of finance; K. Matsumoto, manager of the Takawa Mining Company; and C. Kake, director of the Far Eastern Development Company. The commission will confer in New York with the American International Corporation over projects for commercial expansion in China.

The commissioners were entertained at a banquet last night in the Fairmont by Consul General Hanahara. Another banquet will be tendered the visitors tomorrow night in the Fairmont. Congressman Julius Kahn will be toastmaster.

MORGAN FUNERAL

Funeral services were held for Ross Morgan, formerly assistant city engineer of Oakland and well known as a civil engineer in the bay region, from St. Paul's Episcopal church, yesterday afternoon. Morgan, whose home was at 2491 Hickey avenue, Berkeley, died Monday. He had been suffering from heart trouble for many years.

Morgan came from a family of engineers. His father was at one time city engineer of Oakland, and much of the waterfront planning was done by father and son. He was engaged in private work for many years, and recently, when the Pacific Telephone company came into town, was employed for a time in installing the work ordered by the street department and in making other checks for the new administration. Morgan was for years active in civic work.

CLASSES HOSTS

An entertainment is to be given tomorrow night by the French High School French classes in their part toward the school's public campaign, in the form of a cabaret known as a Soiree Francaise. The French classes have cooperated with the host of residents under the direction of Miss Huberta Tanquary, and the evening is expected to be a great success as the first trial of an entertainment of this kind.

The cafeteria is to be decorated. On one side will be forty tables where refreshments are to be served, while the other side will be kept clear for dancing.

DIES OF WOUNDS.

SAN FRANCISCO, Nov. 1.—Charles Harnes of Crockett, who was accidentally shot by Arthur Weyland while examining a revolver October 17, died at the Hamman hospital this morning.

SECOND CONCERT

The second concert of the special "pop" series of the San Francisco Symphony Orchestra will be given Sunday afternoon at 2:30 o'clock in the Cort Theater. The program comprises Ambrose Thomas' graceful overture to "Mignon," the well-known Andante Cantabile from Tschai-kovsky's quartet Op. 11; Schumann's "Traumerl," Sibelius' "Valse Triste," Liszt's "Les Preludes" and Georges Enesco's stirring Rumanian Rhapsody No. 1. Prices for the "pop" concerts range from 25 cents to \$1.

TO ISOLATE LEPER

BUTTE, Mont., Nov. 1.—Senator O. J. Willit of Mineral county, Montana, who is suffering with leprosy, will be isolated permanently in an isolation house in his own county, provided by local authorities. He will be attended by his wife. The government bureau of public health in the treasury department at Washington has written Dr. W. F. Cogswell, secretary of the state board of health, saying that the government cannot do anything about the matter and suggesting the course taken.

WAGES ARRANGED

SAN FRANCISCO, Nov. 1.—The labor mediation board, in executive session yesterday to perfect a uniform wage scale in the iron trades on the Pacific coast, resumed work this morning. A uniform wage scale has been prepared and accepted and shows an increase of from 20 to 27 1/2 per cent over the present temporary agreement. The only point yet to be settled is the handling of so-called unfair or non-union material by the unions.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this. Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Weeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

White wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weeth's Sage and Sulphur, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

Woman's Statement Will Help Oakland

"I hated cooking because whatever I ate gave me sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped until I tried simple, southern style, St. Catherine, etc., as mixed in Ad-ler's." Because it flushes the EX-TREME bowel tract completely, Adler's relieves ANY CASE sour stomach, gas, constipation and prevents ap-pendicitis. The INSTANT action is surprising. Society

Society's interest this evening will be centered upon the marriage of Miss Elise Poser and Robert McMurphy Hunt of San Francisco, the ceremony to be read at the home of the bride's mother, Mrs. A. C. Poser, on Vermont street. Rev. Alexander Allen of St. Paul's Episcopal church is to read the ritual of that church before a company of relatives and the most intimate friends of the two families. Miss Poser has planned a small home wedding, the appointments of which are to be in pink chrysanthemums to two tones. The bride's table at the wedding supper to follow the ceremony is to be richly decorated in Killbuck roses.

Miss Poser will wear a handsome bridal gown of white satin and silver and will carry white butterfly orchids as bridesmaids of the valley.

Miss Cleo Poser, who is to be her sister's only attendant, will be gowned in jade satin with overdruss of silk net and silver and will carry flowers to harmonize with her frock.

Philip Kavan of Riverside will be best man for Hunt.

Addison Cecil Poser is to give his sister in marriage.

Following their honeymoon, the destination of which the bride couple are to keep a secret from their friends, Hunt and his bride are to return to San Francisco to make their home in the future.

Miss Poser is one of the prominent young women who have graduated from the University of California. Since the announcement of her engagement to Robert Hunt she has been extensively feted by her friends in college and social circles.

Hunt is a prominent young businessman of San Francisco and a son of Mr. and Mrs. Charles G. S. Hunt.

Mr. and Mrs. Charles Minor Goodall are to entertain guests at dinner this evening at their home, whom they have bidden to meet Mr. and Mrs. C. Webb, who are here from the northern part of Africa. Intimate friends have been included in the guest list.

Mr. and Mrs. Edwin Lowell Garthwaite have gone to Kern county to make their home. Garthwaite having been transferred from the State University to this section of the state, here he is now farm advisor and irrigation inspector.

In compliment to Miss Elizabeth Carrick, the fiancée of Harold Slattery, a pretty informal luncheon and matinee party is to be given Saturday afternoon, November 10, at the home of the bride-elect's aunt, Mrs. A. A. Brown of Presidio Terrace, San Francisco. A number of the younger girls from the east side of the bay are to attend the affair. Miss Carrick's fiancée expects to go south to be with the aviation corps.

At high noon yesterday, Miss Eleanor Uhl, daughter of Adolph Uhl of San Francisco and Mrs. Helen Uhl, became the bride of E. Ward Dawkins, being quietly read at the Swedenborgian church of San Francisco. The bride was attended by her sister, Miss Con-

stance Uhl, while Harry T. Dawson was best man for his brother. The wedding was held at the home of the bride's mother, Mrs. A. A. Brown, arriving in San Francisco the day before the ceremony, and with his bride returned a few hours after the ceremony to Los Angeles, owing to the serious illness of his parents.

Among the guests at the wedding, aside from the immediate family, was Miss Elsie Bishop of Alameda.

The bride wore a stunning tulle suit of white chiffon broadcloth and veil of tulle and fillets of the valley, a chic traveling hat of white completed the costume.

Mr. and Mrs. Dawson are to make their home in Los Angeles.

The jazz dinner dance to be given Friday evening, November 23, is to be one of the happiest affairs of the coming month, and is the largest party given during the West Oakland Home annual three-day benefit, November 22, 23 and 24. The board of directors will form the receiving party upon that day and they include Mrs. Daniel Webster, Mrs. Landers Redman, Mrs. Louis Dudley Manning, Mrs. A. M. Beebe, Mrs. George S. Ames, Mrs. A. V. Clarke, Mrs. D. T. Curtis, Mrs. James Tallman and Mrs. E. J. Boyce.

Mrs. A. M. Beebe is entertaining at her home at present Mrs. Richard Dickinson of Seattle, who has been in the bay section for several weeks. Mrs. Dickinson has been sharing the honors at many of the informal luncheons and teas which have been given the past month. She will return to her home in the north in about a fortnight.

Mrs. Bruce Cornwall is en route to New York city, and expects to be away from her home in Berkeley for a month or six weeks. Mrs. Cornwall, delayed her departure for the East until after the Baby Hospital fête, in which she was one of the most ardent workers.

Sunday afternoon at the home of Mr. and Mrs. H. Lando on Thirty-first street, there will be reception in honor of the daughter of house, Miss Lando, who is betrothed to Maurice L. Koplan, has been announced. The reception is to friends and relatives.

Saturday afternoon, November 10, the Little Players' Club of Berkeley, which was organized by Miss Nellie Laura Walker, is to entertain its friends, with the presentation of "Hansel and Gretel" at Athearn hall. Assisting the children in their work will be Miss Walker and Mrs. Zella McCreary. Those who are to take part in the play are Miss Virginia Gimbal, Miss Emily Jurns, Miss Rose Jurns, Miss Margaret Parker, Miss Elmer Scott, Miss Carol Shuey, Miss Elizabeth Shaw, Miss Anita Griesberg, Miss Florence Meyer, Miss Nellie Shreve and Miss Katherine Rochester.

Mrs. Oscar Fitzalan Long and her daughter, Miss Amy Long, intend to leave shortly for American Lake, where they will be guests of friends. It is possible they may continue their trip on to Seattle. Mrs. Long is interested in the planning of hostess houses for the army headquarters.

News of the approaching marriage of Miss Margaret Fulton and William Mason of Reno, Nevada, is interesting a wide circle of friends about the bay. Mr. and Mrs. Robert Fulton and their two pretty daughters, Miss Fulton and Miss Helen Fulton, passed the summer in Berkeley where the girls were students in the University of California. The family home is in Reno. Before the wedding, which will take place early in the year, Miss Fulton will be a guest in the bay cities, where she will be extensively feted.

Mrs. Newton Booth Knox, with her little son, left for New York en route to Spain yesterday, Betty a merry party of the smart set to bid her adieu at the station. She is accompanied to the East by her mother, Mrs. C. H. Blossom, whose house guest she has

been for some time.

At high noon yesterday, Miss Eleanor Uhl, daughter of Adolph Uhl of San Francisco and Mrs. Helen Uhl, became the bride of E. Ward Dawkins, being quietly read at the Swedenborgian church of San Francisco. The bride was attended by her sister, Miss Con-

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foggy, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully cleansing. It cleans out all the sour fermentations, gas, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatism, others who have salivary skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a piteous crumb on the subject of internal sanitation.—Advertisement.

NOVEMBER 4 Back to Royhood Go To SUNDAY SCHOOL

Mr. and Mrs. Charles Griswold Bourne of New York City have announced the engagement of their daughter, Miss Ethel Marion Bourne (pictured below), to John Estlin Bolling, nephew of Mrs. Woodrow Wilson. Mr. Bolling is a son of Dr. William A. Bolling of Louisville, Ky.

Chocolate cake and pie satisfies the boys in uniform whether they find themselves at American Lake, in southern California, on the far Atlantic coast or in France. Chocolate cake and pie are the most popular delicacies in the world today. That is why the twin sweets are to be featured at all the hostess-houses which are established at the Young Women's Christian Association. This week at Camp Lewis the largest hostess-house which has as yet been designed will swing wide its doors to welcome the women who have followed their sons and husbands to the north that they may be near them as long as possible and the boys who need the company of wholesome, cheerful girls and some of the dishes which are not found in the military government land is an elastic institution, answering almost any need that the men or women may bring to it.

In the first place the American Lake house is pleasing to look upon. The building is a two-story structure with big fireplaces, magazines, writing materials and cozy nooks where intimate friends may have their last words in some sort of confidence. Not immense sums have been expended upon its furnishings, but it is in rare good taste with second-hand stores contributing frames which have been disguised with gay cretonnes and bright hangings.

Then there is a cafeteria with real home cooking of real home dishes offered for a nominal sum. The big coffee urns, the cake mixing machine representing an investment of several hundred dollars, and most of the conveniences of efficient service have been loaned by firms and men interested in the problems of taking to the boys some of the atmosphere which they have left behind. There is in charge a small corps of trained secretaries under the hostess, who have but the one ambition to offer a genuine hospitality to the men in training and the women folk who are giving them up to service for their country.

The experiment has been tried in four "hostess houses." Twenty-two are now under construction by the National Association of the Young Women's Christian Association with three requests at other camps having been denied because of lack of funds.

The boys who have gone from Alameda to Camp Lewis will have a happier Christmas because not only the home folk but the home club women are going to remember them. There is being packed a wonderful box of real Yuletide gifts by the Adelphi Club whose members are considering every suggestion that what they send may be the most welcome to the boys in khaki in camp. By the middle of November the lovely box will be on its way. Mrs. Philip S. Teller is chairman of the Christmas committee which is in charge of the project.

When the girls in Fremont High School decided that they must knit sweaters and scarfs and comfortable things for the boys who had put on the uniform of service, the question of how those expensive wools were to be purchased needed solution. Then the little French ladies appealed to them and scores of the students were eager to knit the small blue sweaters which was to be a protection against the cold. And after the French ladies were asked, the Belgian babies made a plea for help. There was nothing to be done but to give entertainments, shows, all sorts of diversions to attract the dollars from those who were not knitting or who had them to spend. One program netted them \$50 to send away that some of the Belgian infants might have a month's outing at the seashore. The yarn treasury is full. And the girls are knitting and keeping up with the continuous appeal of soldiers and babies who need sweaters.

A Workers' Class will be inaugurated on Tuesday morning at 11 o'clock at the Young Women's Christian Association under efficient leadership. Any women of Alameda county who are anxious to learn what the association is doing, what the National organization is attempting in way of war service, and how she individually may have a part in the world-wide program is invited by the board of directors to associate herself with the body of students. Experts and national secretaries will give helpful and informal talks which will be of practical assistance to the workers. The class will continue through the early winter.

Franklin School Mothers' Club had an interesting program today, presenting a wide range of subjects. Miss Marian Roal of the faculty of Mills College discussed "Art and Order in the Home," with Mrs. Helen Sweet Artista speaking to the theme of "Child Welfare." A portion of the hour was given to a consideration of the conservation of food and the drive now in progress. The students of Miss E. Gallacher's class gave a brief entertainment.

Dr. Luther H. Colick, national president of the Campfire Girls of America, is to speak at Mills College tomorrow morning at 11:45 o'clock in Lissner Hall. The public is welcome.

In the first place the American Lake house is pleasing to look upon. The building is a two-story structure with big fireplaces, magazines, writing materials and cozy nooks where intimate friends may have their last words in some sort of confidence. Not immense sums have been expended upon its furnishings, but it is in rare good taste with second-hand stores contributing frames which have been disguised with gay cretonnes and bright hangings.

Then there is a cafeteria with real home cooking of real home dishes offered for a nominal sum. The big coffee urns, the cake mixing machine representing an investment of several hundred dollars, and most of the conveniences of efficient service have been loaned by firms and men interested in the problems of taking to the boys some of the atmosphere which they have left behind. There is in charge a small corps of trained secretaries under the hostess, who have but the one ambition to offer a genuine hospitality to the men in training and the women folk who are giving them up to service for their country.

The experiment has been tried in four "hostess houses." Twenty-two are now under construction by the National Association of the Young Women's Christian Association with three requests at other camps having been denied because of lack of funds.

The boys who have gone from Alameda to Camp Lewis will have a happier Christmas because not only the home folk but the home club women are going to remember them. There is being packed a wonderful box of real Yuletide gifts by the Adelphi Club whose members are considering every suggestion that what they send may be the most welcome to the boys in khaki in camp. By the middle of November the lovely box will be on its way. Mrs. Philip S. Teller is chairman of the Christmas committee which is in charge of the project.

When the girls in Fremont High School decided that they must knit sweaters and scarfs and comfortable things for the boys who had put on the uniform of service, the question of how those expensive wools were to be purchased needed solution. Then the little French ladies appealed to them and scores of the students were eager to knit the small blue sweaters which was to be a protection against the cold. And after the French ladies were asked, the Belgian babies made a plea for help. There was nothing to be done but to give entertainments, shows, all sorts of diversions to attract the dollars from those who were not knitting or who had them to spend. One program netted them \$50 to send away that some of the Belgian infants might have a month's outing at the seashore. The yarn treasury is full. And the girls are knitting and keeping up with the continuous appeal of soldiers and babies who need sweaters.

A Workers' Class will be inaugurated on Tuesday morning at 11 o'clock at the Young Women's Christian Association under efficient leadership. Any women of Alameda county who are anxious to learn what the association is doing, what the National organization is attempting in way of war service, and how she individually may have a part in the world-wide program is invited by the board of directors to associate herself with the body of students. Experts and national secretaries will give helpful and informal talks which will be of practical assistance to the workers. The class will continue through the early winter.

Franklin School Mothers' Club had an interesting program today, presenting a wide range of subjects. Miss Marian Roal of the faculty of Mills College discussed "Art and Order in the Home," with Mrs. Helen Sweet Artista speaking to the theme of "Child Welfare." A portion of the hour was given to a consideration of the conservation of food and the drive now in progress. The students of Miss E. Gallacher's class gave a brief entertainment.

Dr. Luther H. Colick, national president of the Campfire Girls of America, is to speak at Mills College tomorrow morning at 11:45 o'clock in Lissner Hall. The public is welcome.

Chocolate cake and pie satisfies the boys in uniform whether they find themselves at American Lake, in southern California, on the far Atlantic coast or in France. Chocolate cake and pie are the most popular delicacies in the world today. That is why the twin sweets are to be featured at all the hostess-houses which are established at the Young Women's Christian Association. This week at Camp Lewis the largest hostess-house which has as yet been designed will swing wide its doors to welcome the women who have followed their sons and husbands to the north that they may be near them as long as possible and the boys who need the company of wholesome, cheerful girls and some of the dishes which are not found in the military government land is an elastic institution, answering almost any need that the men or women may bring to it.

The following case is but one of many occurring daily in Oakland. It is an easy matter to verify it. You cannot ask for better proof of merit. Mrs. Frank Tebert, 3328 Elmwood Ave., Oakland, says: "An operation left me with weak kidneys. I had severe pains through my back and over my kidneys. I could hardly bend over my back as so weak. I had to walk around with my hands pressed to my back to relieve the pain. My sight became weak, and was often blurred. I was dizzy, too. I picked up the paper one day and saw Doan's Kidney Pills recommended by people here in Oakland. I decided to try Doan's and took two boxes. They got at the seat of the trouble and relieved me of every symptom of kidney complaint." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Tebert had. Foster-Milburn Co. Props., Buffalo, N. Y.—Advertisement.

EVERYBODY PAYS
NEW TAX NOV. 1

Pennies for the poor and began to roll into Uncle Sam's coffers today when most of the new tax laws went into effect.

Three-cent postage for first-class letters and two cents for postcards is the first item that will hit everybody. This new rate applies to all except "drop letters." Applied to local conditions, this means that a letter mailed to Alameda, Berkeley or any other outside point will have to carry a three-cent stamp, but one mailed to any address in Oakland, Emeryville, Piedmont or San Leandro will travel to its destination for the old rate of two cents. But it is these districts come under the carrier zone of the Oakland postoffice.

Here are some of the other taxes you will have to pay, Mr. Citizen, when you go to go about your business tomorrow:

Five cents on all telephone calls, telegrams or radiograms costing more than 10 cents.

Eight per cent on water or rail passenger fares for trips of more than 40 miles.

Three per cent on all freight charges.

Ten per cent on Pullman car berths or seats.

Eight cents on each \$100 of the face value of life insurance policies, to be paid with the premium.

Ten per cent on club dues exceeding \$12 a year.

One cent on each 20-cent express charge or 25-cent parcel post charge.

One cent on each ten cents paid for admission to places of amusement.

Tobacco taxes. But you have already been paying these for a week or more, because the dealers had them into effect before the legal date arrived.

One of the most successful films of the season is "North of Fifty-Three," a part of the double bill, the other half of which is "Mary Jane's Pa." featuring Mary Jane Dempsey and Mildred Manning. An attractive Mutual Weekly and the concert numbers by John Wherry Lewis and his orchestra augment the program.

"North of Fifty-Three" is a picture production of the frozen north. "Mary Jane's Pa." is a refreshing story of love, humor and politics.

degree upon my ability to see near and far objects quickly, distinctly
and without waste of time."

KRYPTOKS (pronounced Crip-locks) are the modern efficiency
bifocals. They have two "sights" in one solid lens without
a line, seam or hump separating them. No one but the
wearer would ever realize they were bifocals because, to the outside
observer, they look like single vision glasses.

KRYPTOKS are worn by people in every walk of life;—there
is no social circle or occupation where perfect eyesight is not
desired.

When your eyes are in trouble come to us for advice. We aim
to make our Eyesight Service as nearly perfect as it is possible for
professional training, equipment and experience to make it.

There Is No Shortage of Optical Glass

of the variety employed exclusively in the manufacture of
Kryptok double vision lenses. The optical organizations represented
on this page are in a position to meet all the Kryptok
requirements of their patrons with their customary accuracy
and dispatch. There has been no diminution in the quantity
or deterioration in the quality of Kryptok lenses.

Remember this—the Kryptok is the only lens combining
far and near vision in one crystal clear lens without a hump,
seam or line.

GOLD SUPPLY AND LIVING COSTS

This learned gentleman from Yale told his pupils that the efforts of the government to fix prices in the wake of the recent oil price increases was the best answer to that. That government has failed, and instead of low prices of many things, such as steel, copper, grain, sugar, flour, and many more. If his theory was right, prices should be low. But gold was scarce, but this is as false as the other theory. Germany's gold supply is the smallest in her recent history, but prices are higher there than anywhere else in the world. Germany has

It is safe to agree to some kind system of floating values, why not use the dollar as the unit of account? The standard of value is the pound of the ounces and not the ounce; the ounce is the standard of weight. Why not have the pound floating instead of the dollar? When you go up in a ship an ounce of more from each pound is not the dollar alone? The whole thing is so utterly absurd that an apology is due for giving it serious consideration.

CHARITIES LEAD COUNTY EXPENSES

Details of the financial transactions of Alameda county for the fiscal year that ended June 30 as compared with the figures covering the same items of receipts and expenditures for the year 1915-1916 are given in the annual report of County Auditor E. P. Carlson, which was issued today in published form for the second time in the history of county auditing.

Outside of the school operating expenses, the greatest item of outlay is for charities and corrections. During the period covered by the report the county expended nearly half a million dollars in maintaining the departments classified under this heading. The exact amount expended was \$458,170.55 or \$96,500.75 more than the preceding year. The increase is represented by the expense of conducting the county infirmary and maintaining orphans and half-orphans. The county infirmary increase over the previous year is \$26,799.07, while the other two items nearly \$200 increase. The remainder is apportioned in the different items.

Add contributed to orphans and half-orphans amounted in round figures to \$61,351 as against \$55,786 for the preceding year. The expense of the school department, including salaries, was \$2,507,550.44 or \$75,024.92 increase.

The Superior Courts, including extra sessions, cost \$76,717.50. Since the report was compiled two more courts have been added, making a total of eight.

Expenses of operating the principal general administrative offices follows: Assessor, \$89,519.00; Auditor, \$22,437.28; Treasurer, \$17,511.88; Tax Collector, \$40,917.50; District Attorney, \$84,241.91; Sheriff, \$25,524; Surveyor, \$8,525.31; purchasing of supplies, \$24,101.88; Board of Supervisors, \$17,450.00; Exposition Commission, \$12,542.00; weights and measures, \$10,555.60.

Total revenues during the year was \$1,735,500.91, or approximately \$200,000 greater than the year before. Of this amount \$3,501,045.11 represented general and district taxes and penalties and interest while the remainder, \$37,315.80, included licenses, fees, fines, franchises, interest on bank deposits and state contributions, together with miscellaneous items.

Licenses for the liquor traffic payable to the county showed slight increase, the total amount received being \$18,447.55, while other licenses amounted to \$89.25 additional.

In fees, \$147,172.35 was collected apportioned as follows: Recorder, \$82,129; Clerk, \$47,800.53; Justice of the Peace, \$11,441.75; Treasurer, \$6,800.00; Sheriff, \$2,000.00.

WEAR AIGRETTE, 'MADAME? IF SO, LOSE IT AT ONCE

Have you a little aigrette on your hat, madame?
If you have you should remove it at once, if you do not wish to have your shoulder. The Baldwin "bird show," signed by the governor last April, goes into effect today, accomplishing by legislative fiat what Browning tried years ago to accomplish with a poem.

The act, assembly bill No. 1331, introduced by Hugh J. Baldwin of San Francisco, which adds a code by adding a section thereto reading:

"Every person who at any time purchases, deals in, sells, or offers for sale, or takes, keeps or has in his possession, any aigrette, aigrette plume, or so-called osprey plume, or the feathers, quills, head, wings, tail, skin or parts of skin, raw or manufactured, of the wild nonnative bird known as the osprey, shall be guilty of a misdemeanor."

ORDINANCE FOR SEGREGATION LOST

Declaring the proposed initiative ordinance seeking to create districts for the segregation of residences of colored people to be unconstitutional, an opinion rendered by Assistant City Attorney H. L. Hagan was adopted by the council today as its reason for refusal to pass the ordinance. The proponents of the measure have threatened to circulate petitions for placing the ordinance on the ballot at the next regular election.

The opinion of the city attorney regarding the ordinance is:

"That it is not a valid exercise of police power. It is unjust, unreasonable, oppressive, burdensome, arbitrary, discriminatory and unnecessary to the public welfare."

"It is unconstitutional in that it assigns separate residence districts solely on the basis of color; it denies certain persons equal protection of the laws; it denies certain persons the inherent right to acquire, enjoy and dispose of property."

The ordinance was proposed by

Orville E. Caldwell and a number of residents in the Santa Fe district.

totalled \$20,172.05, while \$554 was levied in the Superior Courts during the year.

STATE AID.

The state contributed a total of \$551,700.50, represented in the counties apportionment of school money and state auto license money and on the bonded debt prior to November 8, 1910.

ASK THE TRIBUNE

Favors Building of East Oakland High School Advisory Committee Makes Report

Endorsing the intermediate school system and recommending the immediate construction of another high school on the site owned by the city at Nineteenth avenue and East Nineteenth streets, and with recommendations for financing the project, the report of the school advisory committee appointed last May was presented to the board of education this afternoon.

The committee was composed of Adolph Werum, L. P. Dunn, Arthur E. Cordor, James J. McElroy, H. L. Hagan, Mrs. C. E. Wilson, Mrs. E. B. de Rume, S. W. Love, W. H. Graham and J. E. Mauegan. Harry L. Price, original chairman of the committee resigned, to enlist in the officers' reserve training camp at the Presidio.

In order to carry out the project of the new high school building, the committee recommended a block of land to the west of the East Oakland site be acquired, which would make a

total of eight acres. With the city park on the opposite side a good location would thereby be obtained. This is the only land purchase recommended.

ALTERNATIVE SUGGESTED.
As an alternative to the proposition, it is suggested that an eight-room addition be added to the present Technical high school to cost not more than \$50,000, this amount to be obtained through the budget rather than by the sale of bonds, if possible.

The Oakland high school should not be abandoned, as has been contemplated since the new building program went into effect, the committee being of the opinion that it may be used to good advantage now, and when the new high school is in operation it should be converted into a high school of commerce, as its location in the business district would be particularly advantageous.

If the present rate of increase in attendance continues the committee believes it will be necessary to construct new high schools in the Lakeview and the West Oakland districts.

A new intermediate school, location centrally situated as regards the Emerson, Washington, Piedmont, University and Longfellow grammar schools, is also recommended. A new primary school in the Rock Ridge district and one on the present site of the Penita primary school.

NEW ADDITIONS RECOMMENDED.
Two or three years from now additional schools are recommended in the Lakeview school under bond issue along with other propositions. The schools in the southern and eastern part of the city are reported as in good shape, but it is advised that funds be provided for alterations and repairs from time to time.

As to the financial problem facing the city school department the committee has gone into details to point out what, in the opinion of the members would be the most advantageous course of procedure in providing for new buildings and improvements to old ones.

'FRATS' SUSPECTED

An investigation into the alleged continued practice of students fostering Greek letter societies in the Oakland high school will be asked of the board of education by Principal Charles E. Keyes as the result of suspicion having been raised that they continue in existence despite state laws purporting to suppress them.

According to Principal Keyes, he will bring up the matter at the board meeting late today. The board on former occasions has shown a disposition to deal harshly with students found guilty of membership in such societies.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Genuine Castoria always bears the signature of *Dr. H. Fletcher*.

FOOT COMFORT ASK HIS REMOVAL

Foot comfort and price comfort are the dominating features of the new shoe section opened today by Marymont & Co. on the second floor of the building occupied by this firm at Thirteenth and Washington streets. This new section is not only a place of comfort and pleasure, but it is also a place of business. The atmosphere prevails due to the soft, plush seats of the newly decorated walls and the fitting of comfortable and attractive wicker furniture.

The sum of the shoe department will be to supply the women and children of Oakland with smart, durable footwear at distinctly popular prices. In fact, the same moderate prices and sensible merchandise will be found in the shoe section as have made the other integral parts of the Marymont & Co. department store so popular.

Scientific fitting is to be stressed. Women with their tender feet will receive special attention. The growing foot of the boy or girl will be shod correctly by salesmen who have made a specialty of the needs and requirements of the child. To the end that these experts may study the little feet, a raised platform has been erected upon which the little customer will be seated in direct line with the eye of the skilled shoe salesman. This idea of a dis-

SUES FOR DIVORCE

Hite H. Grove, realty operator, who recently was arrested in connection with alleged fraudulent realty transactions, is sued by his wife, Vesia Grove, for a divorce. The plaintiff complains that her husband conducts his business affairs in such a manner as to bring humiliation upon her. She further alleges intemperance and cruelty.

new to the west, but has been received with acclaim in eastern cities.

PLAN HOSPITALITY FOR ENLISTED MEN

The same hospitality which has been extended to the enlisted men in local posts by the women of San Francisco will be duplicated on this side of the bay in the plans of Oakland Unit, Council of National and State Defense, mature. Invitations have gone out for a preliminary meeting of local leaders next Wednesday morning in the headquarters of the Oakland unit when definite plans will be discussed. WHIRLWIND FINISH FOR FOOD-PLEDGE CAMPAIGN

MAY FORCE
"BEEFLESS"
DAY HERE

Plans to enforce the "Beefless Tuesday" and "Wheatless Wednesday" urged by the Hoover food administration, so far as Oakland restaurants are concerned, through an ordinance are now under way in the County Council of Defense. The plan, laid before Judge Harris, chairman of the council, by Manager Carl Sward of the Hotel Oakland, is now in the hands of District Attorney W. H. L. Hynes, who will be prepared at the meeting of the council on November 12 to lay the matter officially before the body with a report as to the form of the law to be suggested to handle the case.

Sward received word from Hynes today stating that the matter would be brought before the defense board, and pledging his support of the plan.

SAVING FOOD WOMAN'S SERVICE

That the nation will be out of rationed food next spring, if voluntary conservation on the part of the people does not prove effective this winter, was the warning issued by Mrs. F. C. Turner, chairman of the Alameda County Women's Committee for Food Conservation, yesterday, before the students of Mills College on Food Conservation Day. The statement was based on assertions made by President Ray Lyman Wilbur of Stanford University, who has just returned from Washington. Mrs. Turner's warning was demonstrated whether or not democratic methods of food conservation will work.

"Women want to go to France to aid in the war," said Mrs. Turner, "but the women of France and other countries involved in war are willing to do the work in these lands, and ask of the women of America the saving of food. If the women are not as loyal and as obedient and as courageous as the men, the war is lost and there is no need for the boys to go to the front."

"Women are willing to give and to help in many ways, but the saving of food is the greatest way in which help can be given. The problem is not one of lack of food so much as it is one of saving. Millions of bushels of much-needed wheat are stored in Australia, but cannot be carried. There is oil in the eastern countries, but no means of transportation."

Pledge Card for U. S. Food Administration

TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the food Administrator in my home, insofar as my circumstances permit.

Two hundred veterans who fought in the Civil War last night agreed to observe the directions of the food administration by placing their signatures to the pledge of conservation. Backevis is completing its whirlwind campaign today, leaving the rest of the week for going over ground where the possibility of recruits to the food army had been overlooked. Oakland workers are making their house-to-house canvass assembling tomorrow afternoon at Hotel Oakland to listen to Mrs. Frederick Wirt, Potter speaker on food substitution. This is the regular monthly meeting of the delegates to the Oakland unit, and will take the form of a conservation program. Mrs. E. W. Owen will preside as chairman.

The precinct work in Alameda is being successfully carried on with hundreds of pledges coming each day into headquarters. In the districts outside the larger cities which are under the general direction of the Alameda county women's committee, Councils of National and State Defense, the same results are being achieved. In Livermore, where Mrs. H. E. Goodell is unit chairman, a large mass meeting was held this week with Mrs. Robert Durdette as the speaker.

Mrs. J. E. Thane and Mrs. C. E. Overacker in the Niles district will have ready a report to submit by the close of the food drive.

Mrs. Irma Madeley, in San Lorenzo; Mrs. Thomas Eager, in San Leandro, and Miss Ruth Kimball, in Hayward, are heading active campaigns.

With 500,000 set as the minimum food pledges expected from California, the tabulation last night reached 100,000 distributed as follows:

San Francisco	22,162
Alameda	1,000
Los Angeles	6,119
San Diego	6,843
San Mateo	4,732
Santa Clara	5,371
Fresno	4,850
Santa Barbara	2,885
Sonoma	2,816
Solano	2,474

A bit of caution was given to the conservation workers yesterday when a telegram was received from Herbert Hoover indicating there was evidence in several states of a plot on the part of pro-German and pacifists to interfere with the signing of the pledges.

LIFTING IS SHOOTER

Accused of "lifting" two silk waists valued at \$12 from the counter in a local department store, Mrs. Annie Olsen, 57 years old, who recently came here from Hoquiam, Wash., was arrested yesterday by Inspectors Kyle and Flynn and is being held for further investigation by the police. Mrs. Olsen is said to have admitted to the police that she has taken goods from other stores in Oakland and San Francisco.

ASK MERRITT
TO PROHIBIT
SUGAR SALES

A war was started today on "special sales" of sugar, held by members of the Oakland Retail Grocers' Association to be a direct violation of the Hoover food conservation policy, when C. S. Hogan, secretary of the merchants' organization, laid the matter before Federal Food Administrator Ralph P. Merritt.

The grocers maintain the practice of a number of merchants in selling sugar at a figure actually below cost, and in quantities as large as a sack to a customer, is a direct encouragement of waste. They declare that the regular grocers will not sell in sack lots, and that the association discourages sales in more than 50-cent packages. They ask Merritt to take steps to halt quantity sales.

The grocers have been accused of the support of the Women's Council of Defense, which has endorsed the stand against "special" sugar sales.

LET US REMEMBER.

That every flag that flies opposite the German one is by proxy the American flag, and that the armies fighting in our defense under these flags cannot be maintained through this winter unless there is food enough for them and for their women and children at home.

There can only be food enough if America provides it. And America can only provide it by the personal service and patriotic cooperation of all of us.

California must do her part.

Observe meatless day every Tuesday.

On other days do not use either beef, mutton or pork more than once daily.

Use all left over meat, cold or in made dishes.

Use soups more freely. Use home. They have nearly the same food value as meat.

STATE COUNCIL OF DEFENSE

HOOVER NOW
IN CONTROL
OF ALL FOOD

WASHINGTON, Nov. 1.—Herbert Hoover became the food boss of the nation today when the food administrator assumed absolute control of twenty basic food products under the rigid licensing system and more than 100,000 concerns, including meat packers, cold storage men, millers, canners, grain dealers, manufacturers and distributors, which came under the government's jurisdiction in its war on waste and high prices for foods.

Greatest powers are lodged in the food administrator who can revoke licenses in the event of failure of dealers to conduct their affairs in the manner dictated by the food control act. Under the President's proclamation, the government will handle food stuffs, as well as all retailers doing business in excess of \$100,000 a year, can operate only under license granted by the food administration.

LATEST COLONIAL DESIGN
Its pure silver color is guaranteed not to rust. All covers are equipped with heat-proof handles that always remain cool.
It unquestionably is the best looking as well as the most sanitary cooking outfit obtainable. The attractive Colonial design and bright silver color make a striking addition to your kitchen.

SEVEN OF THE MOST USEFUL AND PRACTICAL PIECES.
Every article in this outfit has been carefully chosen to make up a necessary combination of permanent value. Two-quart double rice boiler has a sauce pan insert, enables you to do two separate cooking operations over the same flame. A great saving in your gas bill.
Six-quart Preserving Kettle has heat-proof handles and is tipped to make pouring easy. A 1 1/2-quart strainer, 4-quart covered sauce pan, 2-quart lipped sauce pan, 2-quart percolator.

CLEANS IN AN INSTANT.
The smooth-as-glass finish and seamless construction make it impossible for sediment or grease to gather, either inside or out. By pouring on hot water, all pieces are thoroughly and instantly cleaned.

INCLUDES THE NEWEST, MOST IMPROVED PERCOLATOR ON THE MARKET.
Not how simple. The coffee is placed in the aluminum cup. When the water boils it passes through the little tube through the top of the percolator and drips down over the coffee until the full strength has been consumed. The glass-covered top shows you the strength of the coffee without even lifting the cover. All you have to do is place the coffee in the retainer and pour in the water. It cannot hold over, so don't have to watch it. In a very few moments the coffee is piping hot, ready to serve, clear as amber and rich in flavor.

Credit extended, furnishings delivered, carpets laid, stoves set up, every day in Oakland, Alameda, Berkeley and the surrounding country.
